

## Ministry of Environment and Water

This ministry's website [www.moew.gov.ae](http://www.moew.gov.ae) presents information on Environment, Agriculture, Fisheries and Animal Wealth. The home page shows what is on-going in this ministry and what areas of interest they cover. Laws and Legislation shows under Ministerial Degrees the regulations on importing dogs and cats into the UAE. If you use the on-line services link and choose animal wealth, go to licensing choose others it will show you how to get a Health Certificate. Choose import-export and it will bring you an online application form for a import- or export certificate.

Make sure you choose the pet-option. There is information on C.I.T.E.S. related issues which will help you decide whether or not it is wise to have certain animals as pets and what should be done if you are returning to your home country or moving on to other destinations. The site shows maps to the Ministries service centers which you can print.
