

Home help

by someone you know

If you leave your pet(s) at home in the care of someone you know, please make sure that that person has at least the following information:

- Any medical condition your pet may suffer from
- Medication needed
- Telephone number, address and route description to the veterinary clinic

Have the following information available at your veterinary clinic:

- Holidays address and contact details
- Holiday Care Consent Form
- Name of the person(s) taking care of your pet
- Correct house address and route description to your premises
- If required, pre-book house calls with your vet for regular check ups while you are away
